THE TLF NEWSLETTER\_SEPTEMBER\_2010 THE LOCAL FIRM

The Local Firm Autumn/Winter 2010 collection has arrived.

For the autumn/winter 2010 collection The Local Firm stayed true to its core identity and found inspiration in the art and architecture of the former east-block. In this collection the design has been heavily influenced by sports wear and street fashion. Block patterns and a colour palette in shades of grey, black and rust completes the look.
